

Ultramid®

The strong choice
for monofilaments

 **BASF**

The Chemical Company

Ultramid® for monofilaments

Thanks to its excellent strength and softness, BASF's Ultramid® is the clear choice for a multitude of monofilament applications. These include monofilaments for fishing nets, bristles, industrial fabrics, and many more.

Product range

Ultramid®	Polyamide type
Ultramid A	PA 6.6
Ultramid B	PA 6
Ultramid C	PA 6/6.6

Worldwide availability

We combine our know-how, products, and services to serve our customers globally.

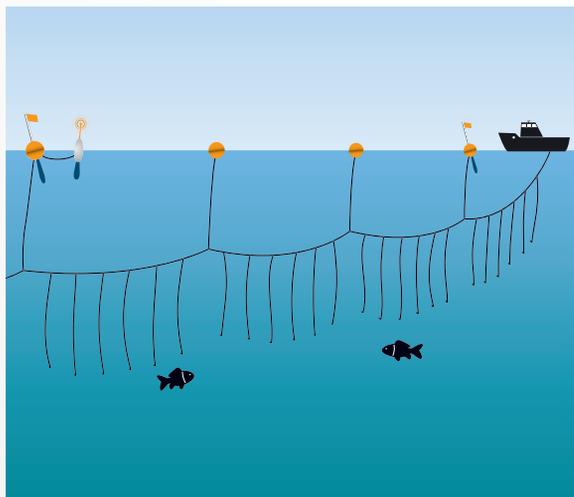

Constant and high quality

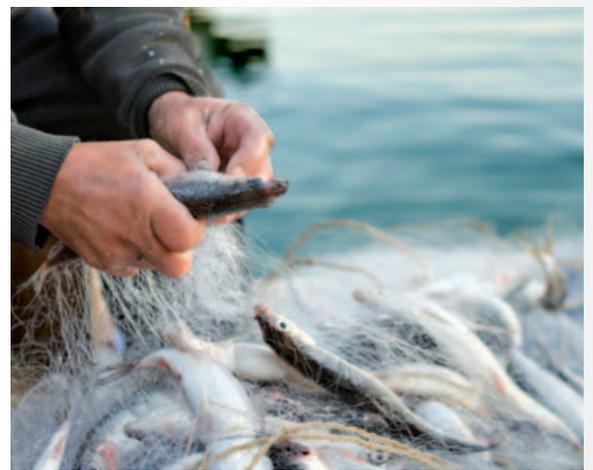

Permanent process optimization and strict quality control lead to excellent properties and consistent product performance.

Monofilaments for the fishing industry

Ultramid® grades for the fishing industry provide key advantages such as softness, transparency, and strength. Achieving high transparency in large diameter longlines is crucial, and Ultramid® C40 LX 07 delivers. In fishing net, transparency and softness is easily provided using Ultramid® B33 LXM 01.

Longlines

Ultramid® – A perfect fit for many applications

Ultramid® grades for the weed trimmer, paper machine, and artificial grass industry provide the required excellent end properties. These include abrasion resistance, strength, tenacity, and softness. A variety of Ultramid® grades allows for potential enhancement in end use performance as well.

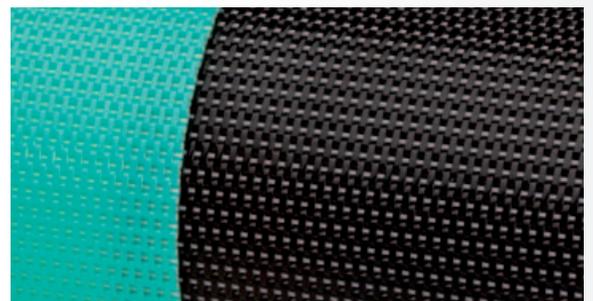

Weed trimmer

Ultramid® B40 L, Ultramid® C40 L 07

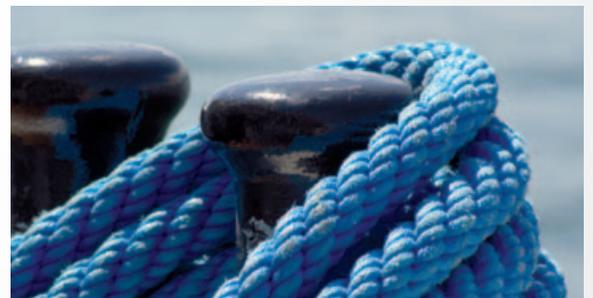

Velcro tape

Ultramid® B27, Ultramid® A34

Paper machine clothing

Ultramid® B33 L, Ultramid® B40

Ropes and twine

Ultramid® C40 L 07

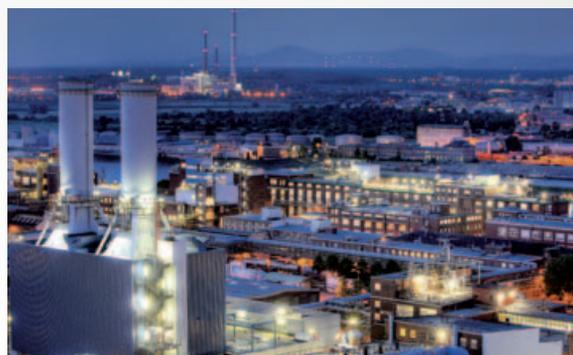

Artificial grass

Ultramid® B27, Ultramid® B33 L

About BASF

BASF is the world's leading chemical company: The Chemical Company. Its portfolio ranges from chemicals, plastics, performance products and crop protection products to oil and gas. We combine economic success, social responsibility and environmental protection. Through science and innovation we enable our customers in almost all industries to meet the current and future needs of society.

Our products and system solutions contribute to conserving resources, ensuring healthy food and nutrition and helping to improve the quality of life. We have summed up this contribution in our corporate purpose: We create chemistry for a sustainable future. Further information on BASF is available on the Internet at www.basf.com or in the Social Media Newsroom at newsroom.basf.com.

World leader in polyamide

With over 60 years of experience in polyamide, BASF is truly a partner you can rely on. Today, BASF is the leading producer of polyamide and its intermediates in the world. Our products are sold in more than 70 countries, into market segments such as packaging, monofilaments, engineering plastics, textile, technical and carpet fibers through to wire and cable jacketing. Customers value BASF as a reliable supplier of high-quality innovative products, with a high level of technical expertise and operational excellence.
